Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 4,7,13,16,23, and 26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the claims the algorithm(s) for determining a price differential using the time or cost associated with one or more pieces of equipment used in creating the item; and time or cost associated with one or more persons involved in creating the item are unclear. Clarification is requested.

In the claims, the Markush group comprising "other tangible item" and "other legal instruments" is indefinite in scope.

Claims 1-15;17-22, 24 and 25 are allowed.
